Re: Mayslake Village CDBG Project and Elevator Renovations

Dear Donna:

I wanted to take time to express my gratitude to your company for the excellent work you did for us on two very unusual and difficult projects. We were required to perform remodeling and upgrade work in an existing apartment building for the elderly. This was for a customer of ours that we have had a long standing relationship with and one who has exceptionally high standards when working around any of their tenants.

Your project manager, Kurt Moss, was very diligent in meeting and maintaining our unusual schedule and every one of your men acted in a professional and courteous manner.

We recently met with the owner and discussed these projects with them. They told us they were very surprised to not receive one complaint or hear any disgruntled comments. I have told all of my project managers about your great performance and advised them to keep Garden Electric on their current bid lists.

Sincerely Yours,

**Joseph J. Duffy Company**
