Re: Recommendation Letter

Dear Mr. Moss,

We would like to express our gratitude and appreciation to Garden Electric, Inc. for their performance on two school projects for which Complete Construction Resources, Inc. was the general contractor.

Garden Electric, Inc. worked as the electrical contractor for the Entry Modifications at Greenbriar & Kennedy School projects, and on the new classrooms at Roosevelt School. Garden Electric's field personnel and office team conducted themselves in a very professional manner, strove to understand the project goals, and achieved those goals. Kurt Moss, the project manager, as well as his dedicated and experienced workforce, was instrumental in completing the electrical work on schedule and met all the deadlines.

Overall, we were very pleased with their performance and would gladly recommend them for consideration in future projects.

Sincerely,

Michael Ferry  
Complete Construction Resources Inc.
