Dear Kurt:

On behalf of our entire parish community of All Saints Greek Orthodox Church in Joliet, Illinois I would like to express our sincere thanks to the excellent job that your company completed at our complex. We had searched for a competent and trustworthy company to meet our needs for some time and we went through a rigorous process of elimination until we came to the conclusion that Garden Electric would be the company chosen for all our electrical needs. The time spent in selection of a company was worth its weight in gold. Our complex was built in 1943 and all the electrical wiring had to be replaced from inside and out. The job was challenging but your workers gave us great satisfaction with their competence and work ethic.

We would highly recommend Garden Electric to anyone who would be in the process of selecting an outstanding company to complete work on any complex.

Respectfully,

Fr. Stephen Bithos
