Kurt Moss, Project Manager
Garden Electric, Inc.
18636 W. Point Drive
Tinley Park, Illinois 60477

Dear Mr. Moss

Our Church Family deeply appreciates the services your company has rendered to us each time we have contacted you to assist with electrical repairs or new installations at our Ministry Center and church.

Your company responded promptly to our request to install both electric and data lines from the building to the street location for our recent project LED street sign project.

Garden Electric has helped us with indoor and outdoor electrical issues by making helpful recommendations and offering timely repair service.

We highly recommend your company to any entity seeking to resolve electrical issues.

Yours in Christ,

Joseph L. Rowan

Joseph L. Rowan, Chairman
Ministry Center Committee
